Bulk spills (gallon) should be picked up and transferred to a properly labeled container or absorb with an inert material and placed in properly labeled container. Do not use combustible materials, such as sawdust. Use non-sparking tools and equipment.
- Environmental Precautions:** Do not flush to sewer. Local authorities should be advised if significant spillages cannot be contained.

## 7. HANDLING AND STORAGE

- Handling:** Keep container closed. Avoid contact with skin and eyes. Do not breathe dust or aerosol. Provide appropriate exhaust ventilation at machinery and at places where dust can be generated. Do not create a dust cloud by using a brush or compressed air.
- Storage:** Keep in a dry, cool and well-ventilated place. Keep away from heat and sources of ignition. Keep in properly labeled containers.
